DSI Educational Courses

Bradley Corp

Bradley ASPE CEU Presentations

- Access Beyond Compliance: Emerging Trends in Commercial Restroom Design
- Cast-Formed Solutions for Commercial Wash Stations
- Emphasizing User Experience in Toilet Compartment Design
- Six Steps to Sustainability: Green Building Strategies for Commercial Restrooms
- Exploring the Past, Present, and Future of Innovations in Commercial Restroom Design
- Specifying for Safety Emergency Eyewash & Shower Equipment

Bradley Product Overviews

- Bradley Product Overview (Total line of Div 10 and Div 22 products)
- Bradley Lavatory Systems
- Bradley Emergency Fixtures
- Bradley Thermostatic and Digital Mixing Valves
- Bradley Verge Faucet, Soap and Washbar
- Bradley Elvari Washroom Accessories

Chicago Faucets

ASPE approved CEU

- Commercial Faucets: The Hidden Link to Water Conservation
- Controlling Legionella and Other Waterborne Pathogens in Healthcare Facilities: Plumbing Design Strategies
- Scalding: Understanding Design Solutions for Risk Reduction What Architects Need to Know about Reducing Scalding Risk with Point of Use Solutions
- A Hands-Off Approach: Designing Public Restrooms with Preventative Measures in Mind
- Designing for Water Conservation: Water-Efficient Plumbing Solutions
- Plumbing Codes, Standards, and NSF/ANSI/CAN 61

Chiago Faucet Product Overviews

- Manual, Metering and Electronic Faucet Overview
- Healthcare Solutions for Scalding and Legionella Protection

Charlotte Pipe

ASPE approved CEU

- Value Engineering Considerations (a comparison of CI vs. PVC in commercial construction)
- Laboratory Design Basics and Special Waste Piping Systems
- Cast iron: History, Applications, Selection, Couplings, Coatings & more
- Cast iron “starter Fittings” for high-rise vertical construction

Mifab

ASPE approved CEU

- Automatic Control Valves: Keeping the Balance
- The Importance of Backflow
- Guide to HDPE Interceptors
- Guide to Siphonic Drainage
- Trap Seal Primers Overview
- Linear Trench Drai

Niagara Conservation

ASPE approved CEU

- The Benefits of Implementing Water Conservation Standards by Building Beyond Code
- Water Savings with Every Flush: Improving Conservation in High Performance Buildings
